**Dear Hiring manager,**

I am writing to express my interest in applying for a student industrial attachment program in your esteemed organization. As a Computer Science student in Dedan Kimathi University of Technology, I am eager to gain practical experience and exposure to work experience.

As a student, I've had the opportunity to acquire theoretical knowledge in various fields and I am eager to apply them in a real world setting. During my attachment, I am willing to learn new skills, take on challenging tasks and contribute my best effort towards achieving the organization's goals. I believe that an attachment with your organization would provide me with the opportunity to learn from experienced professionals, develop practical skills and knowledge, and contribute to the growth of the organization.

I am confident that my academic background, combined with my enthusiasm and commitment to learning from the organization positions me as a suitable candidate for the industrial attachment program in your organization. I will be honoured to have the opportunity to work with your team and contribute to your organizations success.

Thank you for considering my application. I look forward to hearing from you.
